

BLOUNT'S MISSION

Seems to Be to Stir Up a Fracas in Hawaii.

THE PRESIDENT'S INSTRUCTIONS

To "My" Commissioner Made Public at Honolulu and Some Features Create Excitement—Mr. Blount Issues an Invitation to the Royalists to Make Trouble—Claus Spreckles Fighting Annexation in the Interests of the Sugar Trust—Minister Stevens Has the Respect of the People.

HONOLULU, May 24, PAR STEAMER AUSTRIA, ARRIVING SAN FRANCISCO, May 31.—The situation here at present, is more interesting than for several months and the whole town is agog with excitement over late developments. First came arrests of Messrs. Bush and Kenyon, editors of native papers, on the charge of libelling the provisional government and Minister Stevens, then a publication of Secretary Gresham's instructions to Commissioner Blount, and a warning by the latter to annexationists that they could not depend on help from the United States in case the royalists attempted to reinstate their queen; then news of Blount's appointment as United States minister to Hawaii, and finally an attempt of the provisional government to silence Charles Nordhoff, correspondent of the New York Herald, and Minister Blount's interference in his behalf. All sorts of alarming rumors are afloat, and even Minister Blount, who all along has predicted that there will be no trouble, is not so confident.

On May 15, Minister Blount gave out for publication his letter of instructions from Secretary Gresham. The instructions are quite voluminous. They request Blount to investigate the condition of affairs on the Hawaiian Islands and say: "Your authority in all matters touching the relations of our government to existing or other governments of the islands, and protection of our citizens, is paramount, and in you alone acting in co-operation with the commander of the naval forces, is vested full discretion and power to determine when such forces should be landed or withdrawn."

Among other things stated by Secretary Gresham that Minister Stevens will be instructed to furnish Blount needed assistance, and would perform the usual functions of minister; that while the United States claims no right to interfere in internal conflicts, this government will adhere to its consistent and established policy, and it will not acquiesce in domestic interference by other powers.

A POINTER TO ROYALISTS. At the end of his instructions Mr. Blount added the following postscript: "While I shall refrain from interference between conflicting forces of whatever nationality for supremacy, I will protect American citizens not participating in such conflict."

These few lines created great excitement, as they were regarded by all parties as a plain invitation to the royalists to make trouble. The royalists, however, say they are not now prepared to take advantage of Blount's notice, but will await the decision of the United States. If the islands are annexed they and the queen will submit to the inevitable and become good Americans. If the islands are not annexed, as the royalists firmly believe they will not be, then there may be trouble.

The provisional government, although it does not look for any disturbance, is strengthening its position and claims to be able to hold together for several years, until a new administration, if annexation is refused by Mr. Cleveland.

On May 17 the news of Mr. Blount's appointment as United States minister to Hawaii arrived. Mr. Blount immediately took the oath of office and entered upon his new duties. Mr. Blount, however, will not accept the position permanently, but will ask to be relieved as soon as practicable. Mr. Blount's appointment is apparently satisfactory to both parties here, as he is regarded as perfectly impartial. His work as special commissioner is completed and a report has been forwarded to Washington.

SPRECKLES AGAINST ANNEXATION.

Claus Spreckles is still vigorously fighting annexation, and is charged by the annexationists with working in the interest of the sugar trust, of which he is alleged to be a member. Ex-Minister Stevens sails to-day for the United States. His friends raised \$1,000 with which to purchase him a silver service as a token of their esteem.

Although Minister Blount did not formally enter upon his duties until May 23 he has already come into collision with the provisional government.

The writings of Charles Nordhoff, the New York Herald's correspondent, have greatly displeased the annexationists, who declared his statements to be untrue. Nordhoff was threatened with violence and was furnished with protection. The provisional government cited him to appear before the executive and advisory councils and give his authority for certain statements. Nordhoff consulted Minister Blount, who ordered him to pay no attention to the demands of the provisional government. Mr. Blount takes the stand that the provisional government has not power to control correspondents writing to a paper published in the United States, and cites the Cutting case in Mexico as a precedent.

Mr. Blount is in correspondence with the government about the matter, and it is probable that owing to his interference the provisional government will drop it. The affair caused great excitement here. L. C. Porter, the minister of finance, resigned, and his place has been taken by Vice President Damon. No one has yet been selected to succeed Damon as vice president.

KALAMAZOO, Mich., May 31.—George Saunders, a confidence man awaiting trial, Gallagher and Jones, wanted in Ohio for train robbery, and Allen, a suspect, escaped from jail here last night. The sheriff had given them the liberty of the corridor and they took advantage of this to get away.

THE STANDARD'S LATEST.

A Move Which May Result Disastrously to Independent Producers.
Special Dispatch to the Intelligence.

PARKERSBURG, W. Va., May 31.—The Standard Oil Company was never more aggressive than to-day, and the producers are continually asking what next? The latest move and one that effects the interests of oil producers seriously, if not wiping them out, is the notice served on them by the Standard Company that on and after June 1 the price of all oils of thirty-two degrees gravity and above produced in the Volcano and Burning Springs oil fields will be bought at fifteen cents less per barrel than certificate prices. This is not on account of the quality of the oil, but a purely arbitrary decision intended to shut off all production in those fields, since at the present prices it means but forty-one cents a barrel for the producers, which will close down all production, these fields having no other possible market.

It is also rumored that this same policy will be extended to other fields where there is no competition. Hundreds of thousands of dollars are affected by this decision and the end sought to be accomplished, viz, the closing down of the production in these fields, will be secured. In the oil business especially competition is the only guarantee the producer has for his business. The Sistersville field is fortunate in having competition.

DISASTROUS FIRE.

Lightning Strikes the Shaft of the Farmers' Mines—200 Men Thrown Out.
Special Dispatch to the Intelligence.

BYESVILLE, O., May 31.—About 4:30 p. m. yesterday, lightning struck the top of the shaft at the Farmers' mines. It immediately took fire, and in spite of the strenuous efforts of the employees, the flames continued to spread until the entire plant was destroyed, engines, boilers, blacksmith shops, etc.; also the large coal tipples used for coaling the engines on the Cleveland & Marietta railroad. The total damage is about \$20,000. While the fire was raging several cars loaded with coal on the top of the tipples caught fire and were precipitated down the shaft, setting fire to the woodwork at the bottom of the shaft and endangering the workings. Farmers' mines have been in operation about fourteen years, and by this fire about 200 men and boys will be thrown out of employment. Byesville is on the Cleveland & Marietta railroad, five miles south of Cambridge.

Arrested for Robbery.

HUNTINGTON, May 31.—Ed. Porter, a painter, was arrested here for breaking into three Chesapeake & Ohio railroad cars at an early hour this morning and taking a large quantity of goods. This evening he was held over to the grand jury. Porter had pals, who are now being watched. A large quantity of goods were stolen.

BASE BALL.

Pittsburgh's First Game in the East—The Games Elsewhere.

Brooklyn, N. Y.—The Pittsburghs made their first appearance in this vicinity to-day and drew 2,500 persons to Eastern park. The Brooklynians tried hard to win, and although their efforts were not by those of an extremely determined foe, they succeeded. Score: Brooklyn 4. Pittsburgh 3. Earned, Brooklyn 1. Hits, 4 each. Errors, Brooklyn 3. Pitchers, Stein and Ehret. Umpire, Snyder.

Baltimore, Md.—The Orioles made seven bases nothing five runs in the second inning; fourteen hits with a total of eighteen bases won the game. Score: Baltimore 10. St. Louis 9. Earned, 7 and 4. Errors, 4 each. Hits, 14 and 12. Pitchers, Schmit and Hawley. Umpire, McLaughlin.

Philadelphia, Pa.—Chicago won from Philadelphia in the last half of the ninth inning, on Boyles' error of McGill's hit. Attendance, 2,275. Score: Philadelphia 6; Chicago 7. Earned, 4 and 3. Errors, 2 and 3. Hits, 11 and 9. Pitchers, Sharrott, Carney and McGill and Mauck. Umpire, Gaffney.

New York.—The New Yorkers were beaten by Cleveland today, because Baldwin was hit hard at critical points and Kelly made a mess of things in the sixth inning. Attendance, 3,000. Score: Cleveland, 8; New York, 7. Errors, New York, 3. Earned, 6 and 5. Hits, 11 and 13. Pitchers, Young and Baldwin. Umpire, Emslie.

Washington, D. C.—Inability to hit the ball safely when men were on bases briefly told the story of Washington's defeat. Attendance, 2,000. Score: Washington 5, Cincinnati 6. Earned, Cincinnati 1; errors, 3 and 4; hits, 7 and 9; pitchers, Espar and Mullane. Umpire McQuaid.

Boston, Mass.—The champions had an easy time defeating the tail enders today. Attendance, 1,000. Score: Boston 14, Louisville 4. Earned, 9 and 1; errors, 4 each; hits, 14 and 9; pitchers, Nichols and Hemming. Umpire Hurst.

Arrived in Safety.

CAPE CHARLES, Va., May 31.—Special car 180, of the Pennsylvania railroad, with President Cleveland and party, arrived at Exmore at 2:30 this morning. The party remained in the car until 7:45 a. m. when they were driven to Willis Wharf, a distance of two miles, and boarded the steamer Sunbeam, which left for Broadwater alias Hog Island with her distinguished guests. Special car 180 will be returned to-night to Philadelphia this morning. It is not definitely known how long the President will remain at Broadwater Club.

A Town Demolished.

MEMPHIS, TENN., May 31.—A cyclone this afternoon at 4 o'clock struck Rosedale, Miss., 115 miles south of this city completely demolishing the town. All wires were prostrated. Five people are reported killed.

BERING SEA CASE.

Sir Charles Russell Concludes His Argument for the British Side.
PARIS, May 31.—Sir Charles Russell concluded his argument in behalf of the British case before the Bering Sea tribunal of arbitration at fifty minutes past 12 to-day. He said that this was the first occasion upon which a nation had claimed property in a free swimming animal. The contention, Sir Charles declared, was untenable, and its advancement was derogatory to the principle of freedom of the seas. Continuing, he said that it was an extravagant and unfounded pretension that international law sanctioned the seizure and condemnation of the vessels of a friendly power. Existing international law was an effective and noble instrument to serve the just purposes of mankind in the adjudication of their rights.

Sir Charles, in his peroration, dwelt upon the importance of the arbitration here submitted to by the two great powers, one representing old world civilization, great in extent of dominion and greater in long enduring traditions of liberty; the other a young but stalwart member of the family of nations, great also in territory and almost boundless in the resources, genius and enterprise of its people and possessing enormous powers for good in the future of the human race.

Ex-Attorney General Sir Richard Webster followed Sir Charles Russell in behalf of the British case. Sir Richard insisted that the questions of rights and regulations were distinctly demarcated by treaty.

The gentlemen controlling the Wheeling electric railway showed excellent judgment, when nearly a year ago they started the work of virtually rebuilding the road, is shown in the figures made up of the amount of travel on the line. During the past month, according to the statement sheet, nearly 300,000 persons rode on the line, or an average of 10,000 per day. The biggest day is Saturdays, when the receipts average between \$300 and \$700, representing a travel of 12,000 to 14,000 persons. This, taken in connection with the unfinished Benwood extension which made necessary at times as high as three and four transfers, is a remarkable showing for the road. May takes the prize as the banner month since the road started, as in no previous equal period has the travel reached anything like the figures for the past month, in fact the increase over the highest month heretofore is 33 1/2 per cent. When the Benwood extension is completed it is thought the travel will reach even higher figures.

MARTIN'S FERRY.

Haps and Mishaps in the Thriving City Across the River.

It seems to be reasonably certain that a change will be made in the superintendency of the Martin's Ferry public schools. The present superintendent, Mr. J. E. Mannix, did not present his application, asking to be re-elected, at the last meeting of the board of education, when all of the teachers were elected for the coming school year, and a superintendent should have been. Four of the six members of the board will not, it is said, vote for Mr. Mannix, not because they personally are opposed to him, but because the people want a change. These are Messrs. Tweedy, Aldridge, Ralston and Runyon. What Messrs. Baird and Smith, new members, will do is not known.

Six men have already applied for the place. One of them is Mr. Gwinn, late of the state normal school at Fairmont, West Virginia. Another is I. F. Patterson, of Steubenville. The present term of Mr. Mannix does not expire until September. It is understood that he will not put in an application for re-election, and is in correspondence with the boards of education at several places to better his condition.

A very pretty home wedding occurred last evening at the residence of Mrs. Metzker, on Second street. Her daughter, Miss Eva, was married to Mr. B. Theil, by Rev. P. G. Deepken, at 7 p. m. About fifty persons were present, and a splendid supper was served at 8 o'clock.

Rov and Mrs. D. D. Morse leave to-day for Delaware, to spend the month of June, the Baptist church congregation having granted Mr. Morse leave of absence for that period. The congregation also throw in \$50. No services will be held during his absence.

Cards are out for the marriage of Miss Mable Clark, one of Martin's Ferry's most popular school teachers, to Mr. William T. Claffin, of Toledo, at the residence of Mrs. Mary J. Clark, on Wednesday, June 14, at 12 o'clock.

The Wheeling Electrical Railway Company will be required to put its tracks on Broadway up to the established grade, so that the street can be paved with fire brick.

Charles Seabright will grade Tenth street between Walnut and the county road for \$140, and James Jamison will make the fill on Sixth street at 25 cents per cubic yard.

Alexander Weatherstone and Henry Leasure have returned from a week's stay at the world's fair, and both say they never got as much for the money spent.

The case of Frank Heil, set for yesterday morning, was continued until Monday. All the witnesses waited from 10 o'clock until noon before learning this.

Mr. R. C. Montgomery has returned from a visit with his brother Howard at the Ohio State University.

Alvin Sedgewick and Alex Dixon returned yesterday from a short sojourn at Cleveland.

Miss Chel Miller left last evening for Wellburg to spend a few days with relatives.

Mr. Harris, the photographer, has returned from Toledo.

Trusts and Combinations. Are unpopular. But there is one form trust against which no one has anything to say. That is the trust which the public reposes in Hood's Sarsaparilla, and the best of it is the trust is fully justified by the merit of the medicine. For, remember, Hood's Sarsaparilla cures.

Hood's PILLS are purely vegetable, and do not purge, pain or gripe. Sold by all druggists.

Moses Price Cured of Rheumatism. The many cases of rheumatism cured by Chamberlain's Pain Balm during the past few months have given the people great confidence in its curative properties, and have shown that there is one preparation that can be depended upon for that painful and aggravating disease. Honaker Bros., Lorain, Ohio, say: "Mr. Moses Price, of this place, was troubled with rheumatism for a long time. Chamberlain's Pain Balm has cured him. He says that the Balm has no equal."
